### **DETAILED ACTION**

This Office Action is in response to the applicant's Amendment After Final, dated 4/8/2005.

The applicant has cancelled Claims 1-16 and 30-36.

Claims 17-29 are pending.

### ***Response to Amendment***

1. The examiner has authorized entry of the applicant's amendment into the record.
2. The examiner, in the Final Rejection of 2/7/2005, had allowed Claims 17-29, and therefore in view of the cancellation of Claims 1-16 and 30-36, Claims 17-29 remains as being allowed.

### ***Allowable Subject Matter***

3. Claims 17-29 are allowed. The following is an examiner's statement of reasons for allowance: The reference art of Sugamori and Turnquist teach a method for testing an integrated circuit with analog nodes and test logic based on a circuit comprising; a memory for storing, and circuit for selecting a test node, a means of obtaining the test value result, means to retrieve a comparison value to compare to the test value, applied to a comparator, in the circuit. However, the prior arts of record taken alone, or in combination failed to teach, anticipate, suggest, or render obvious the claimed invention or the method steps of the application. Specifically, as per Claim 17, the prior arts failed to teach, anticipate, suggest, or render obvious the limitation introduced into these

claims, namely: the comparator performs comparisons for plural analog nodes.

Consequently, Claim 17 is allowed over the prior arts of record. Claims 18-29 are directly or indirectly dependent upon Claim 17, and therefore are also allowable over the prior arts of record. Therefore claims, 17-29 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
